The Audi R8 Coupé and Spyder

Pricing and Specification Guide

Valid from May 2011

Personalising your Audi R8

This guide has been specially designed to let you customise your new car in the way that best suits your unique tastes. Every single feature, from the Audi Space Frame® to the luxurious choice of upholstery, has been created to underline the race-winning performance you'll enjoy behind the wheel of your Audi R8. Alternatively, you can go to audi.co.uk and configure your Audi R8 online.

Vorsprung durch Technik

Three words that express the very essence of Audi. Vorsprung durch Technik isn't a slogan. It's our way of seeing the world. It is the driving force behind our history of innovation that continues into the 21st century. Indeed, many technologies that Audi pioneered remain in our cars today. Some are milestones in the history of the motorcar.

From our beginnings in 1899, to the Auto Union team's Grand Prix successes in the 1930s and our more recent wins at Le Mans, we have always been at the forefront of the motor industry.

Vorsprung durch Technik makes us who we are. To see more of its influence, just read on.

The R8 heritage

Audi has always enjoyed an enviable track record in the world of motorsport. An unrivalled combination of passion, determination, expertise and Vorsprung durch Technik has helped propel the four rings of Audi past finishing line after finishing line. With the introduction of the revolutionary quattro® all-wheel-drive technology in the early 1980s came a run of victories that will never be forgotten. And thanks to a continuing dedication to innovation and progression, that success has continued right through to the present day.

In 1999, Audi entered Le Mans for the first time. Since then, it has won the legendary endurance race year after year. It is in recognition of this unprecedented success that the Audi R8 was created – a car that has much more in common with the Le Mans-winning racer than simply a name.

Design and performance

Every detail of the R8's exterior immediately marks it out as a progressive sports car. From the emphatic, structural shape, wide air intakes and sweeping sideblades, to the retractable rear spoiler. But these design features aren't just for show. Each serves its own purpose, whether enhancing the car's aerodynamic potential or cooling the engine which sits directly behind the cockpit. And that's no easy task. Both the 4.2 V8 and 5.2 V10 powerplants are extremely high-revving, with breathtaking performance thanks to FSI® direct petrol injection and quattro® all-wheel-drive. Enabling you to get the most from them are a number of auxiliary technologies – a lightweight aluminium crankcase, spontaneous R tronic® automated 6-speed gearbox and Audi magnetic ride.

Inside its rigid yet lightweight aluminium Audi Space Frame®, the R8 has more than a hint of racing car inspiration in its layout and appearance, with Fine Nappa leather Sports seats, driver oriented instruments and a leather flat-bottomed steering wheel as standard. The perfect setting to enjoy some impressive technologies, including the optional Audi parking system advanced and the 465-Watt 12-speaker Bang & Olufsen surround sound system – if the arresting symphony of the R8's engine wasn't enough. Read on to discover more about the revolutionary Audi R8, including standard and optional equipment, paint colours and prices.

The R8 craftsmanship

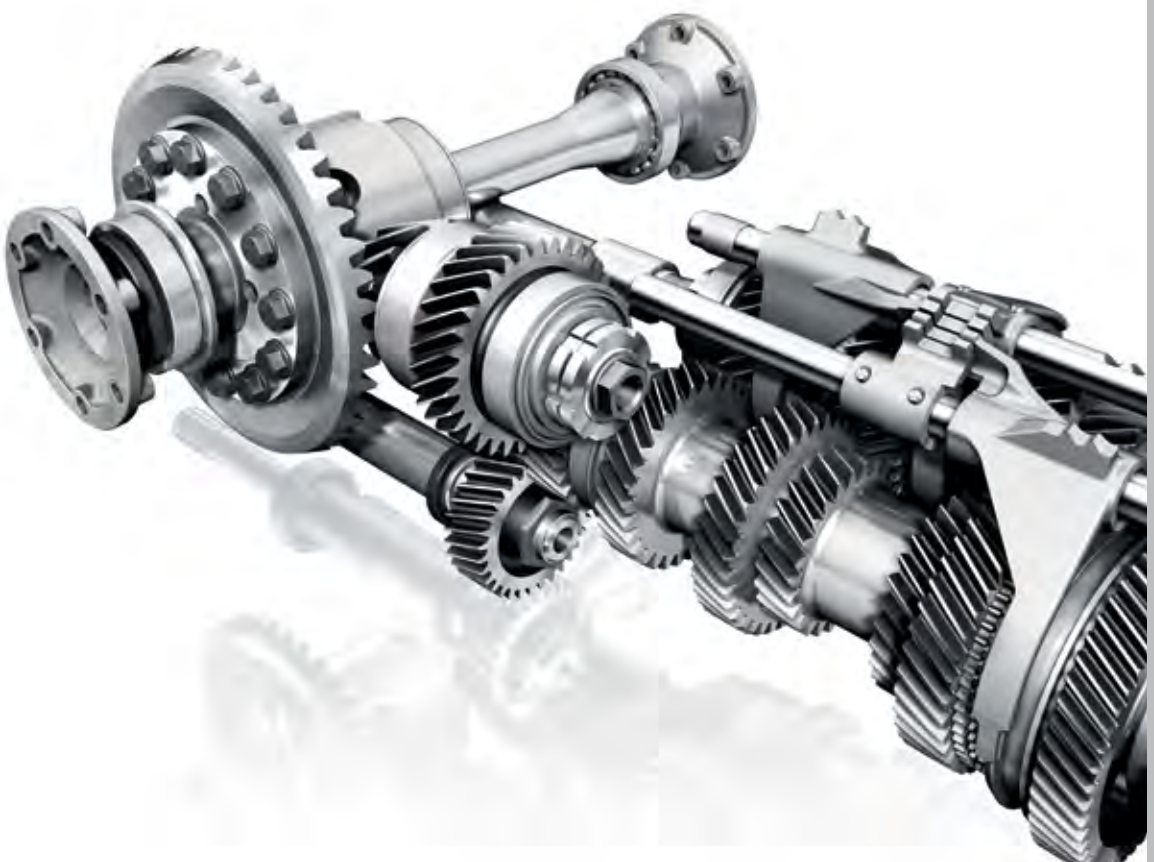
The Audi R8 is built on a small production line in a specially-constructed block at the Audi factory in Neckarsulm, Germany. The entire production process – from the bodyshell construction to final assembly – is organised in the same way as it would be in a craft workshop. Small teams of specialists oversee every step of production, subjecting every part and component to intense scrutiny. This ensures that every one of the maximum 29 cars built each day will more than match the customary high-quality standards of the Audi product range.

AIRBAG

Engine

FSI® direct-injection technology is a unique Audi innovation that was originally developed for the Le Mans 24-hour endurance race to deliver more power and torque, as well as enhanced fuel efficiency. Precisely the right amount of fuel and air are injected into the combustion chambers, enabling the engine to ‘breathe’ more easily. It results in reduced heat loss and increased output, with around a 15% reduction in fuel consumption and significantly lower exhaust emissions.

Images are for illustrative purposes only



Transmissions

Manual

By specifying a 6-speed manual transmission for your Audi R8, you can put yourself in complete control of your driving experience. The system is matched precisely to the Audi R8's engine configuration and driving dynamics, allowing you to take full advantage of the broad spread of engine torque available across its six closely-spaced gear ratios. With its compact design and low weight, the manual system is a simple, direct way to tap into the power of the Audi R8. The gated system provides short gearshift travel and precise lever movement, giving you the highest possible level of accessibility with the minimum of fuss.

R tronic®

R tronic® is a unique technology developed by Audi, which provides swift and seamless gear-changing for an incredibly sporty drive. Thanks to its groundbreaking electro-hydraulic shifting unit, R tronic® transmits all the force of the Audi R8's engine power to the road with unrivalled smoothness and control. You can drive along with it on automatic mode, or you can select your gears manually with either the gearstick or gearshift paddles. You can also switch to S mode where the ride becomes all the more thrilling: the system delays automatic gearshifts for optimum acceleration, while the pioneering Launch Control provides the kind of lightning-fast performance that allows the Audi R8 to spring from a standing start to 62mph in just 3.9 seconds.*

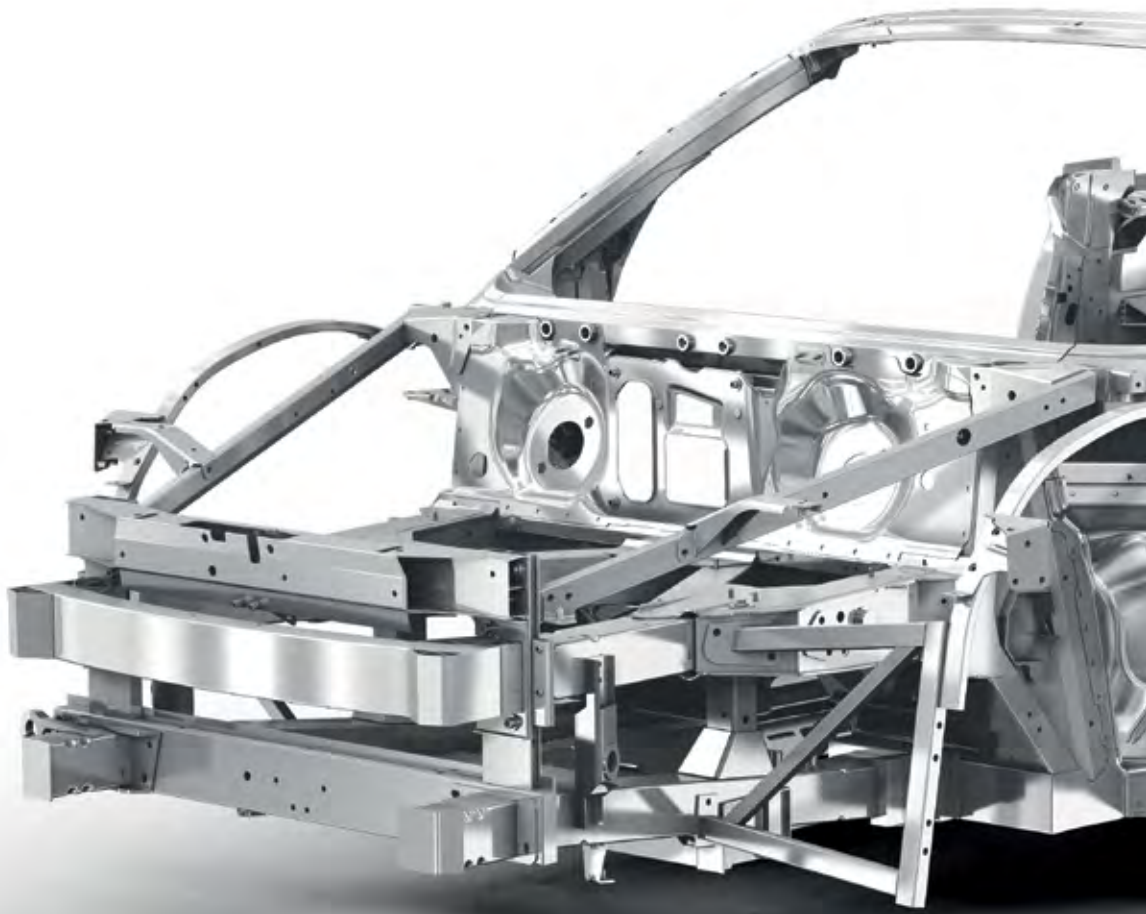
*R8 5.2 FSI® quattro® Coupé

Technology

quattro®

It's the technology that has given Audi the edge on the racetrack ever since it was first introduced over 30 years ago – a technology that delivers ultimate control whilst enhancing the sporty characteristics which make the Audi R8 so thrilling to drive. It's called quattro® all-wheel-drive. The principle is simple: in the same way that four brakes ensure better deceleration, four permanently-driven wheels deliver better acceleration and road-holding, pushing or pulling the car as needed, for a driving experience that's both dynamic and safe.

In the Audi R8 asymmetric dynamic torque distribution continuously distributes drive power between the front and rear axles depending on weather conditions, road surface and gradient, which increases flexibility for an enhanced, sportier drive.



Images are for illustrative purposes only

Audi Space Frame®

The Audi R8 is built using a unique Audi Space Frame® which was introduced in 1994 and is both lightweight and extremely strong. It ensures that performance doesn't come at the expense of safety, as the car's body remains tough and beautifully balanced.

Fabric hood

The innovative Z-folding fabric hood of the Audi R8 Spyder is made from an advanced material which is lightweight and flexible. It automatically opens and closes in 19 seconds, with just one touch. Better still, it can operate at speeds of up to 31mph, so you won't have to stop your journey. When lowering, it folds neatly beneath the cover of its compact storage compartment which is just above the powerful engine.

Mid-mounted engine

The Audi R8's engine is mid-mounted, which gives it a low centre of gravity and helps it to achieve the ideal weight balance. The axle load distribution of 44:56* ensures high directional stability and superb road behaviour.

*R8 Coupé models only

Standard model equipment

All Audi R8 V8 models have the following items of standard equipment

Wheels, tyres and suspension

19” ‘5-arm double-spoke’ design alloy wheels, 19 x 8.5J front and 19 x 11J rear with 235/35 and 295/30 tyres

Locking wheel bolts

quattro® all-wheel-drive

Tyre Mobility System

Audio and communication

Concert radio with single front-loading CD player and MP3 file compatibility with active front and rear speakers. Includes AUX-IN socket in centre console

Mobile telephone preparation – Bluetooth interface and voice control with integrated seat belt microphones (Spyder only)

Seats

Electric lumbar support

Sports seats

Electrically adjustable and heated seats (Spyder only)

Safety and security

Anti-lock Braking System (ABS)

Anti-Slip Regulation (ASR)

Anti-theft alarm and electronic immobiliser

Brake lights with LED technology

Disc brakes, internally vented, 8-piston brake callipers at front and 4-piston at rear

Driver, front passenger and front side airbags

Electronic Differential Lock (EDL) traction control

ESP Version 8 – latest generation Electronic Stability Programme networks the ABS, EBD (Electronic Brake Force Distribution), ASR and EDL systems and ensures greater stability at all speeds by braking individual wheels as required and overriding the engine-management system. Driver can select different ESP settings to suit different driving conditions

First aid kit with warning triangle

ISOFIX, with front-passenger airbag-deactivation switch

Remote central locking

Seat-belt reminder

Tool kit including car jack

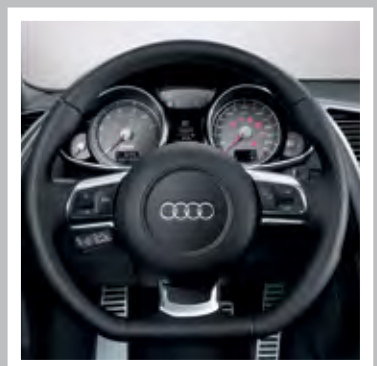
Paint

Metallic or pearl-effect paint (Spyder only)

Aluminium gear knob and lever gate

19” ‘5-arm double-spoke’ design alloy wheels

Retractable rear spoiler



3-spoke flat-bottomed, leather-covered multi-function steering wheel

Exterior equipment

4-branch exhaust system – twin tailpipes on left and right

Door mirrors – electrically operated and heated

Electrically retractable, heated glass rear window (Spyder only)

Exterior lighting, including exit lights

Retractable rear spoiler – deploys and retracts automatically at set speeds, or can be operated manually with the button in centre console

Xenon Plus headlights, including headlight washers and LED daytime-running lights

Fully automatic, acoustic hood with one-touch operation (Spyder only)

Interior equipment

3-spoke flat-bottomed, leather-covered multi-function steering wheel (gearshift paddles standard with R tronic® transmission)

Aluminium gear knob and lever gate

Cup holder – two compartments integrated into centre console

Driver's Information System (DIS)

Electronic climate control

Fine Nappa leather upholstery, door trim and door handles on passenger side

Heated engine partition window

Inlays in micrometallic grey – upper trim on centre console, centre inlay and door inlay

Interior and instrument lighting

Lockable glove box, with light

Roof lining – black or pale grey

Scuff plates in aluminium with R8 logo

Sun visors with vanity mirror

Valet key

Wind deflector (Spyder only)

Standard model equipment

All Audi R8 V10 models have the following items of equipment in addition to or in replacement of Audi R8 equipment

Wheels, tyres and suspension

19” ‘10-spoke Y’ design alloy wheels, 19 x 8.5J front and 19 x 11J rear with 235/35 and 295/30 tyres

Audio and communication

Bang & Olufsen sound system – 12 speakers, total output 465 Watts

CD changer for six discs (Audi Music Interface can be ordered in lieu of CD changer)

Satellite Navigation system – DVD-based

Safety and security

Tyre pressure monitoring system

Paint

Metallic or pearl-effect paint

Exterior equipment

All-LED headlights (see page 51 for details)

Audi magnetic ride (see page 42 for details)

Auto-dimming and folding door mirrors

Audi hill-hold assist

Light and rain sensor pack, including auto-dimming rear-view mirror, automatic headlights and automatic windscreen wipers

Oval exhaust tailpipes

V10 badges on front wings (and engine bay on Coupé)

Interior equipment

Electrically adjustable seats

Extended Fine Nappa leather package (Spyder only)

Heated front seats

Light package including LED lights illuminating footwell (and engine compartment on Coupé)

Stainless steel pedals

19” ‘10-spoke Y’ design alloy wheels

All-LED headlights

Satellite Navigation system – DVD-based

Oval exhaust tailpipes

Leather upholstery to seats, door trims and door handle on passenger side

V10
R8
IN RX 629

Upholstery

Audi exclusive

With Audi exclusive, you can choose between Fine Nappa leather and leather/Alcantara, depending on the texture and flexibility you prefer in your car's upholstery. And once that's decided, you can specify your seats in an array of different colours shown here.

Choose just one all-over shade for each seat, or customise each panel in two or more complementary colours from the distinctive Audi exclusive palette. You can even choose the colour of the decorative stitching – to match or contrast with your chosen upholstery – from this varied collection. Whatever combination you decide upon, we think you'll be extremely comfortable with the result.

Also available:

Alcantara colours: available in all the Audi exclusive colours shown, except for Crimson red, Jet grey and Sand beige. Alcantara equivalents are Chilli red, Amethyst grey, and Sesame beige respectively.
Dashboard: available in all the Audi exclusive colours shown, except for Alabaster white, Magnolia white, and Sand beige.

Please consult your Audi Centre for examples of Alcantara and carpet colours.

Luggage sets

Audi exclusive

R8 luggage sets are available in finest-grade leather in the specified seat-colour and featuring the R8 logo. The carbon handles, Nardia lining and various contrasting seams make these case sets true collectors' items. Contrasting seams on the outside of the Nardia lining match the colour of the dashboard seams. If interior equipment codes JN and JW are specified, the contrasting seams are in Pale grey.

[†]Highest insurance group rating shown. Group may be lower dependent on trim level. Please visit www.thatcham.org/abigrouprating for details.

[1]The given value was obtained in accordance with the specified measurement procedure (the respective current version of the Directive 80/1269/EEC).

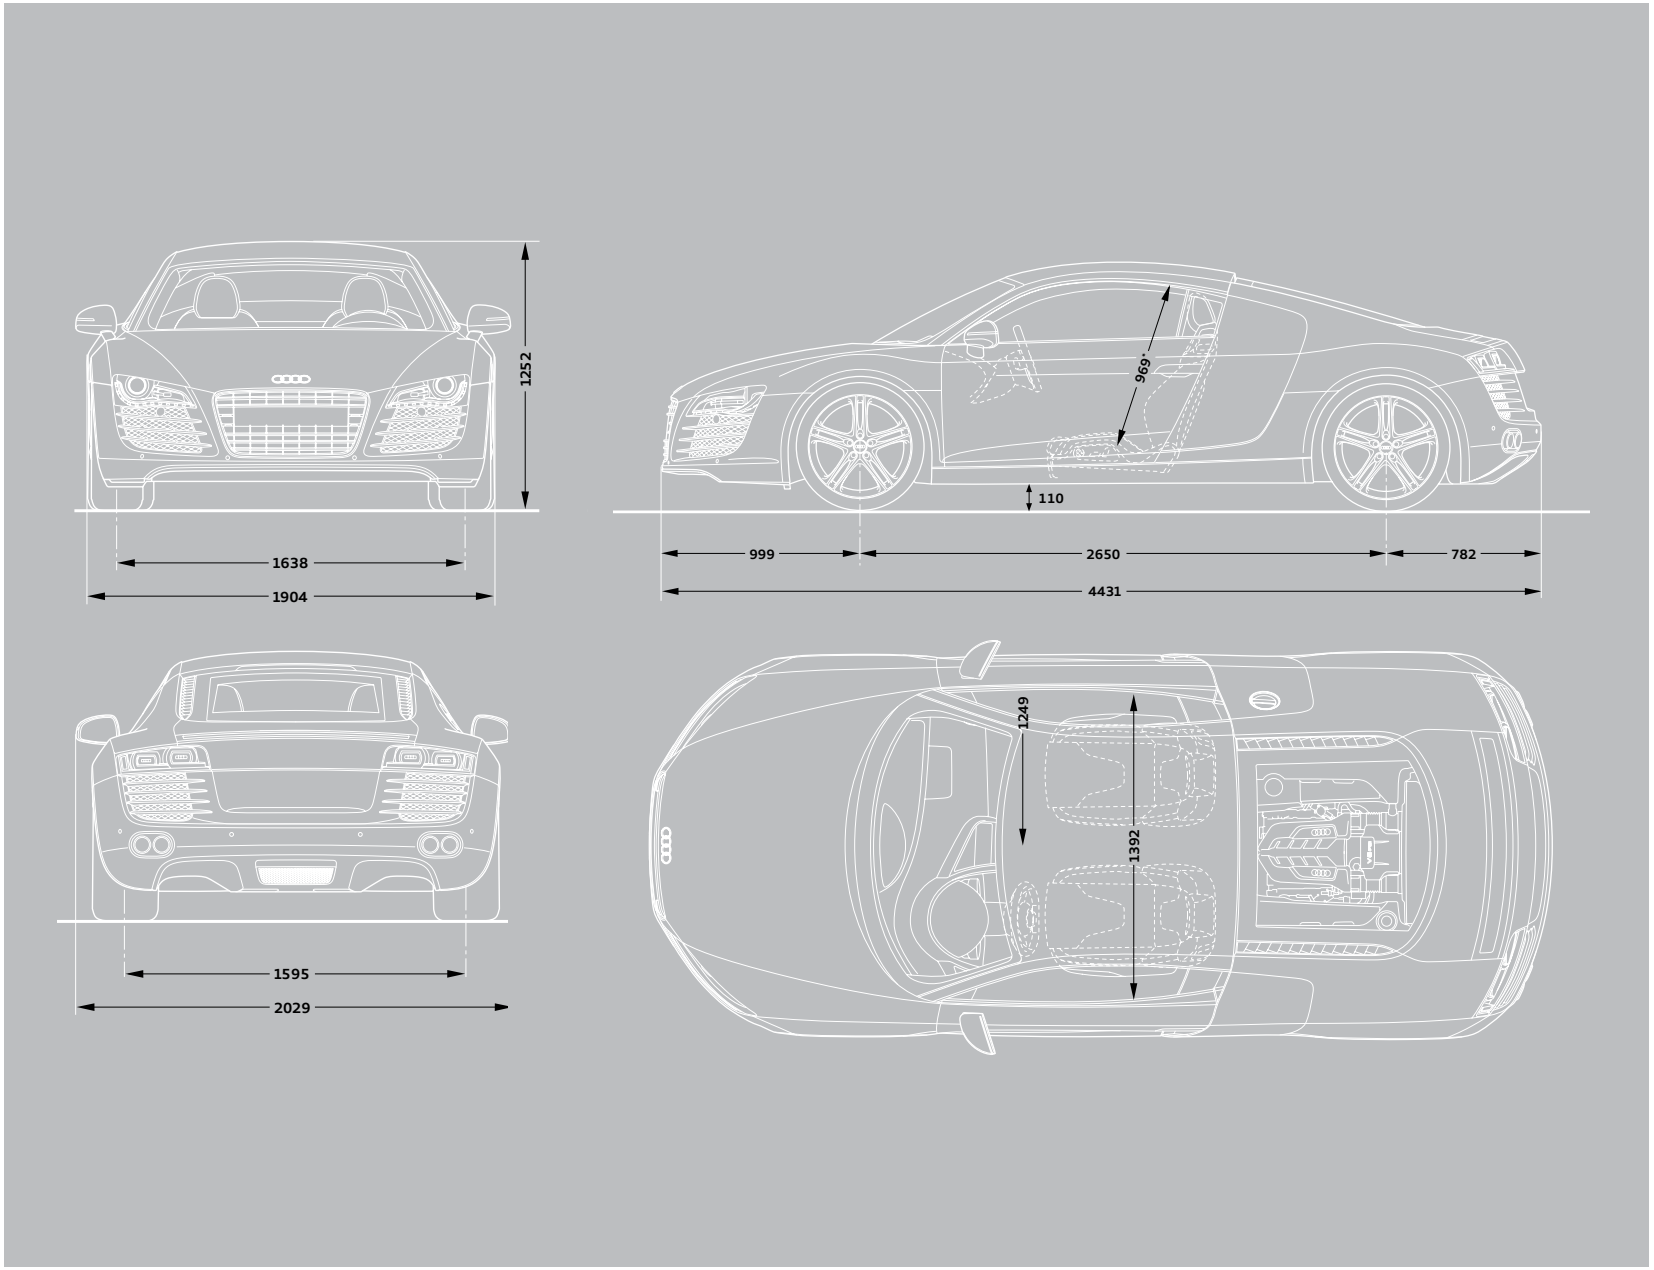
[2]The given values were calculated in accordance with the specified measurement procedure (the respective current version of Directive 80/1268/EEC). This information does not relate to a single vehicle and does not comprise part of the offer but is merely intended for the purpose of comparison between the different vehicle types.

[3]Top speed is achieved in sixth gear.

[4]Vehicle's unladen weight without driver (calculated in accordance with the current version of Directive 80/1268/EEC). The fitting of additional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the potential carrying capacity and top speed will be correspondingly reduced.

R8 V8 Coupé dimensions

The technical drawings opposite show the exact dimensions of the R8 V8 Coupé, so you can check everything from the ground clearance to the length of the car.



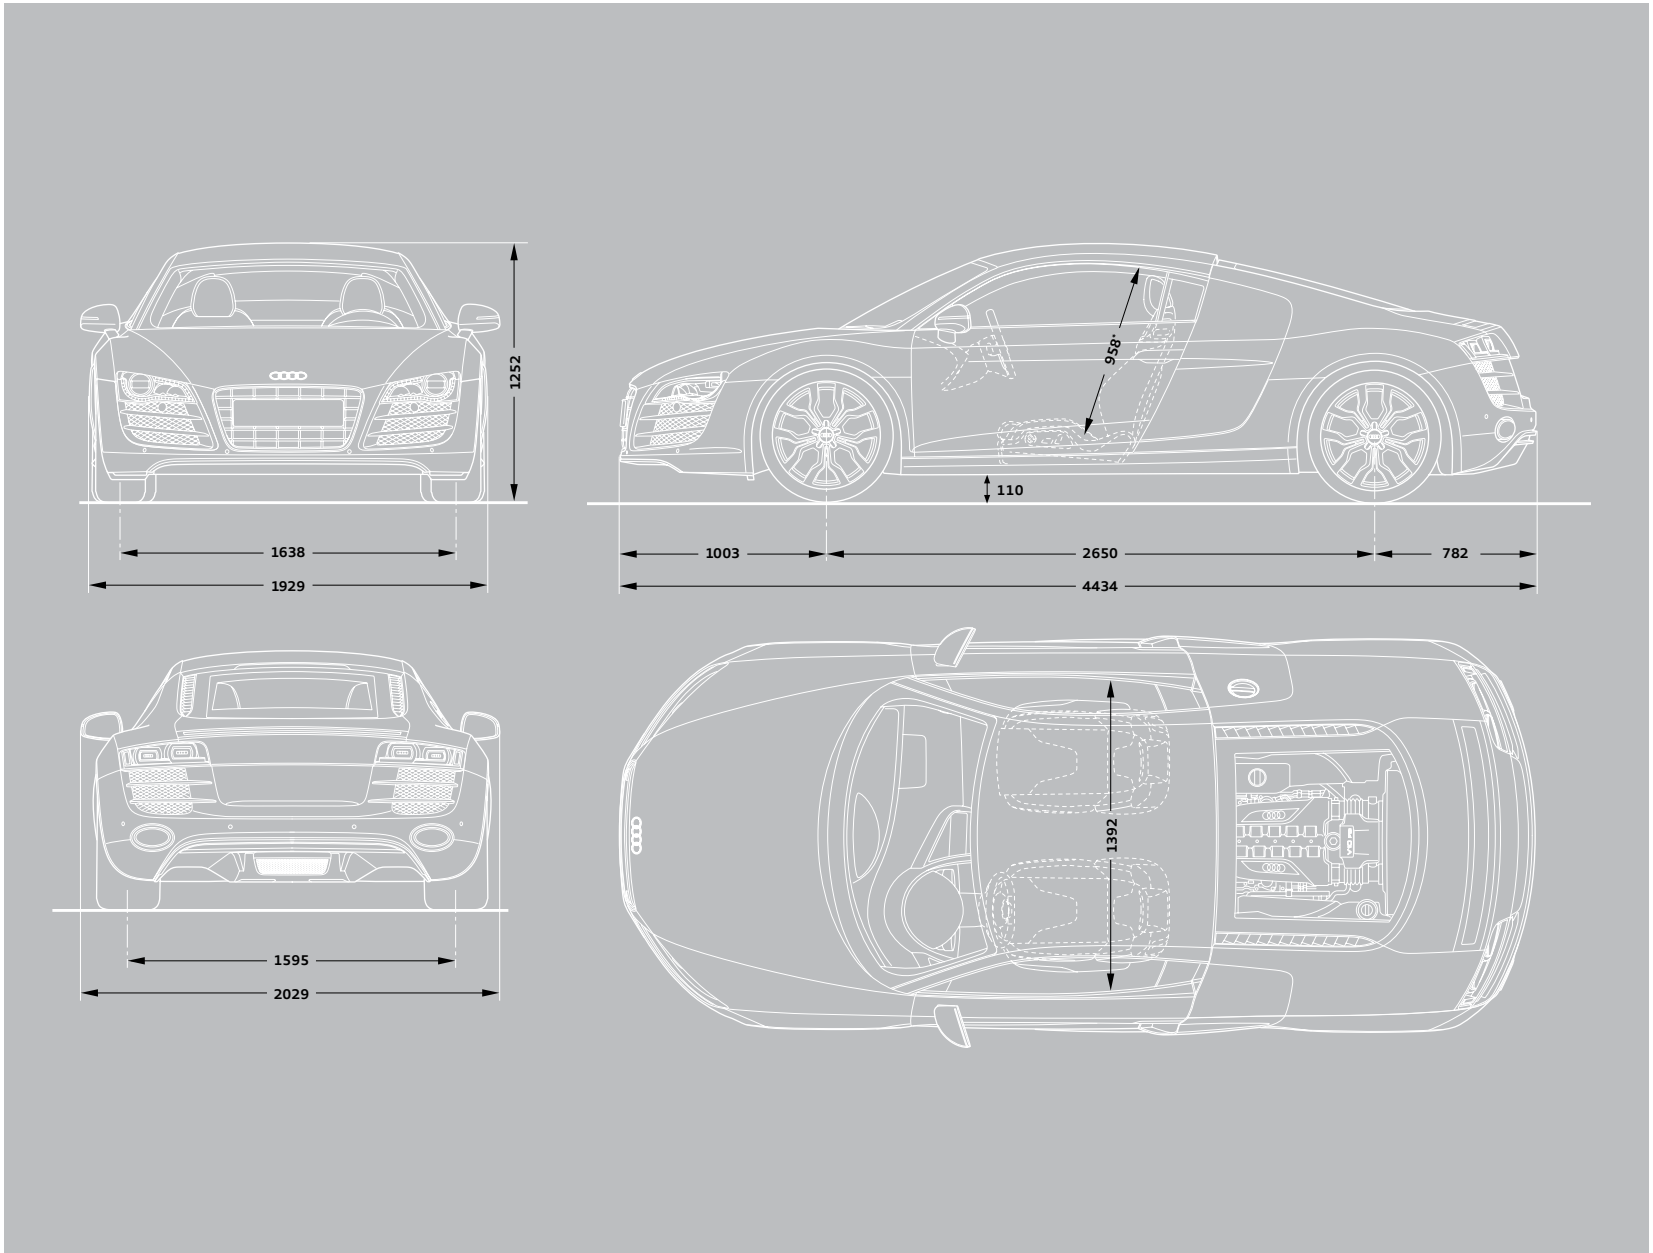
Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load.

Turning circle approx 11.4m.

Dimensions in millimetres.

R8 V10 Coupé dimensions

The technical drawings opposite show the exact dimensions of the R8 V10 Coupé, so you can check everything from the ground clearance to the length of the car.



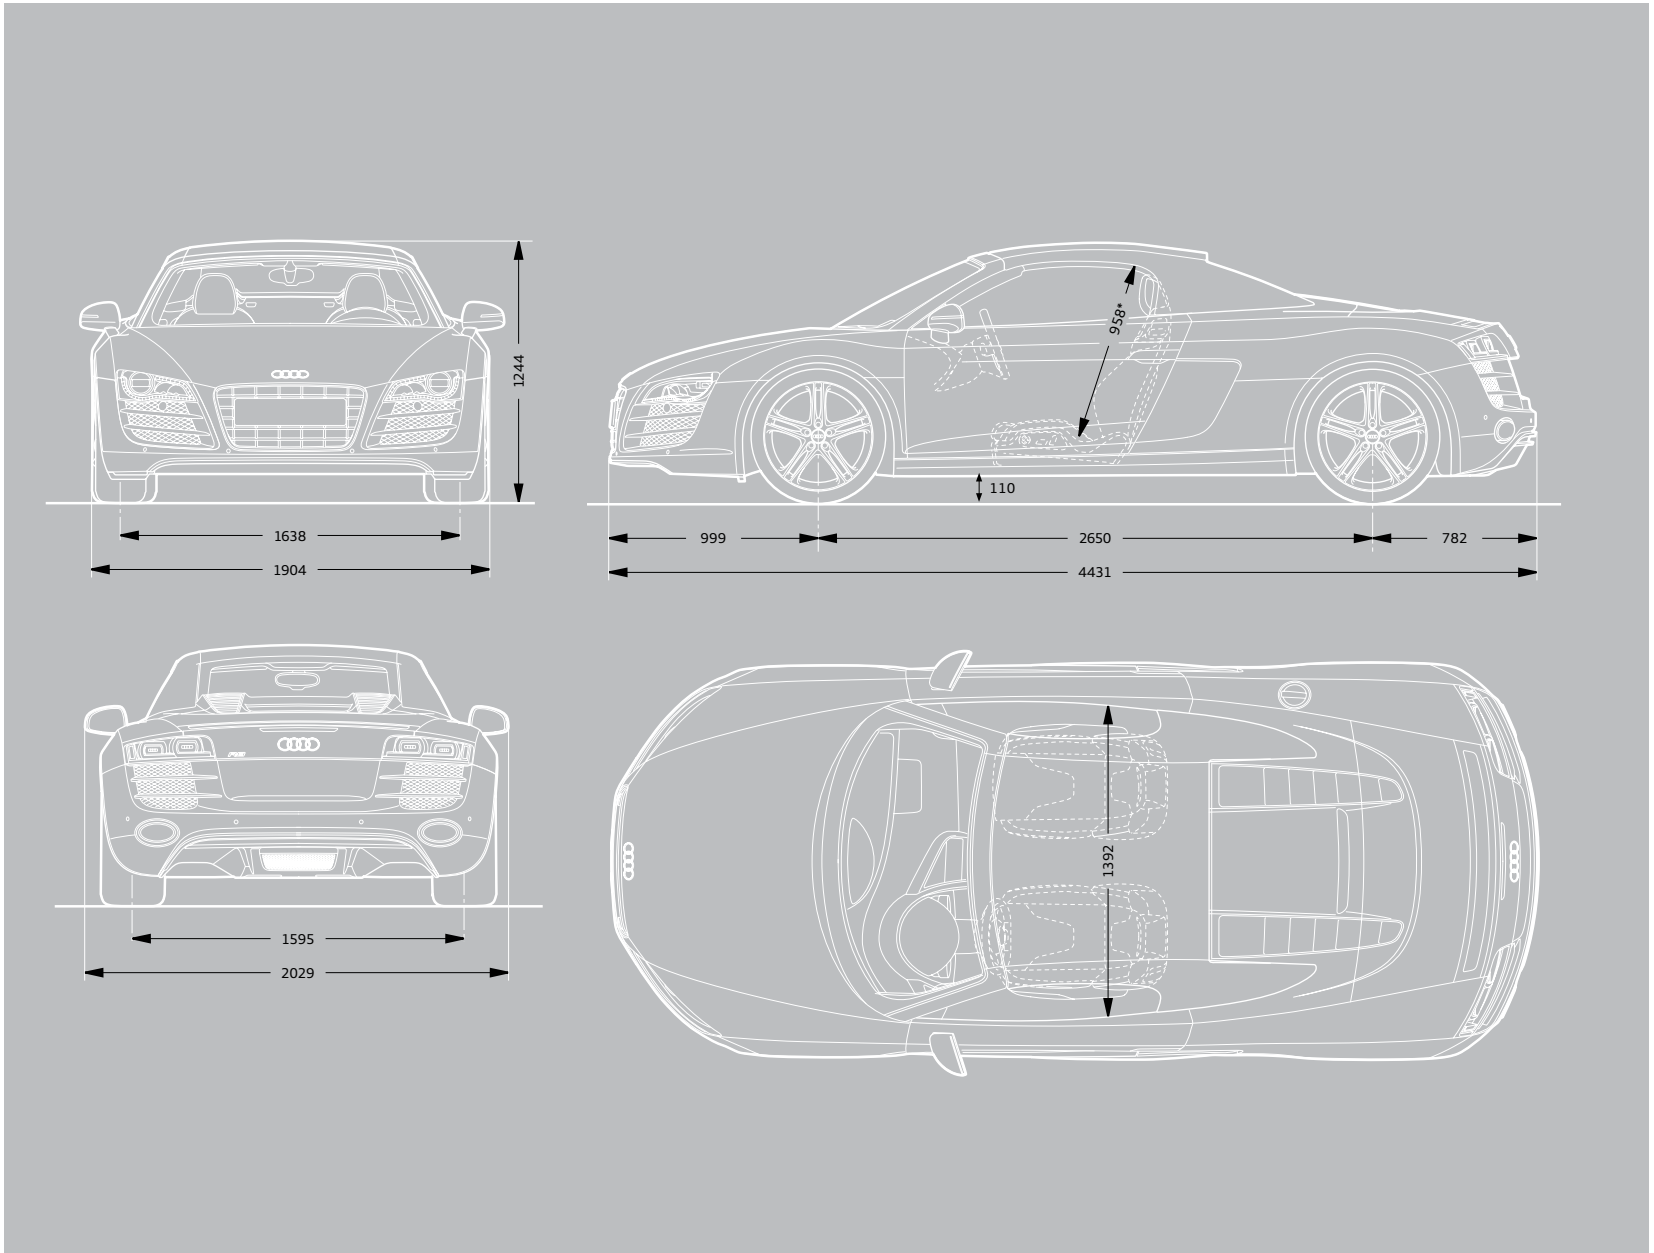
Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load.

Turning circle approx 11.4m.

Dimensions in millimetres.

R8 V8 Spyder dimensions

The technical drawings opposite show the exact dimensions of the R8 V8 Spyder, so you can check everything from the ground clearance to the length of the car.



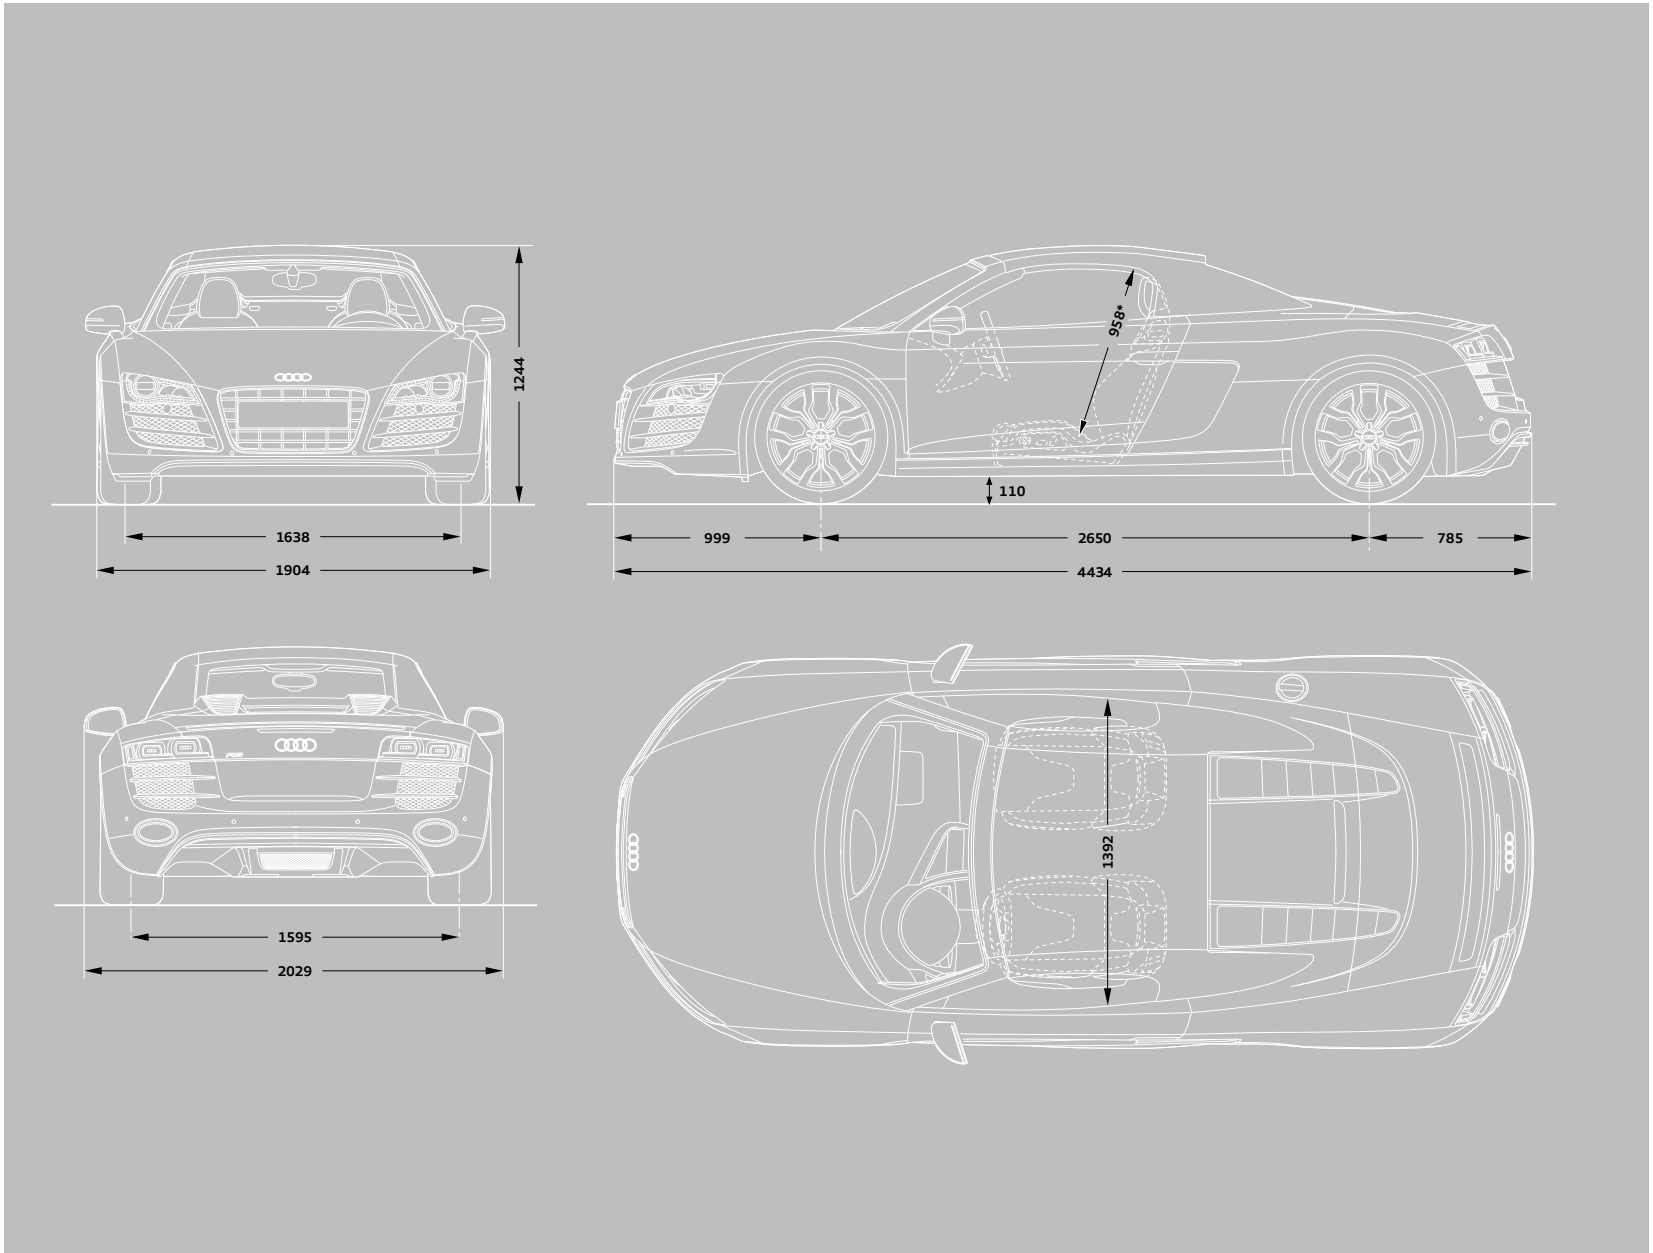
Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load.

Turning circle approx 11.4m.

Dimensions in millimetres.

R8 V10 Spyder dimensions

The technical drawings opposite show the exact dimensions of the R8 V10 Spyder, so you can check everything from the ground clearance to the length of the car.



Dimensions were measured with vehicle at unladen weight, ground clearance measured with vehicle carrying its maximum load.

Turning circle approx 11.4m.

Additional information

CO_2 data and information

CO_2 emissions-based Vehicle Excise Duty

Vehicle Excise Duty (Road Fund Licence) is based upon the amount of Carbon Dioxide (CO_2) a vehicle emits, measured in grams per kilometre (g/km). The DVLA has created thirteen categories:

Petrol and Diesel engines	First year	Annual rate (second year onwards)
A – up to 100g/km	£0.00	£0.00
B – 101 to 110g/km	£0.00	£20.00
C – 111 to 120g/km	£0.00	£30.00
D – 121 to 130g/km	£0.00	£95.00
E – 131 to 140g/km	£115.00	£115.00
F – 141 to 150g/km	£130.00	£130.00
G – 151 to 165g/km	£165.00	£165.00
H – 166 to 175g/km	£265.00	£190.00
I – 176 to 185g/km	£315.00	£210.00
J – 186 to 200g/km	£445.00	£245.00
K – 201 to 225g/km	£580.00	£260.00
L – 226 to 255g/km	£790.00	£445.00
M – over 255g/km	£1,000.00	£460.00

Vehicle Excise Duty (VED) rates correct at time of going to print, but these may alter to reflect any change in the applicable VED rate

Servicing tailored to your needs

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value. To make servicing easy, the Audi Service Schedules have been designed to work with your individual driving style and vehicle.

There are two schedules available and your Audi Centre will advise which schedule is most suited to your needs. The conventional fixed Audi Inspection Service Schedule has fixed intervals for the Oil-change and Inspection Service that are based on time and distance, whichever comes first. With the Audi LongLife Service Schedule, sensors take account of driving style and conditions in which the vehicle is used to indicate when the Oil-change Service is required. Oil-change Service intervals are therefore variable and are conveniently indicated via the on-board service interval display.

Fixed Inspection Service Schedule

	Vehicle usage:
Mileage	Less than 10,000 miles per annum
Type of journey	Mainly city/town centre driving. Short journeys
Conditions	Frequent cold starts. High engine loading – e.g. frequent hill climbs, vehicle fully loaded, towing
Driving style	Uneconomical – e.g. heavy acceleration, heavy braking, constant changes in speed, constant use of high revs, 'sporty' driving
	Service Intervals:
Oil-change Service	Fixed to every 9,000* miles/1 year
Inspection Service	Fixed to every 19,000* miles/2 years

Variable LongLife Service Schedule

	Vehicle usage:
Mileage	More than 10,000 miles per annum
Type of journey	Motorway and main road driving. Mainly longer distance journeys. Constant speeds
Conditions	Normal engine loading – e.g. with little or no towing, with little or no hill climbs. Normal vehicle loading
Driving style	Moderate acceleration, moderate braking, engine revs mainly below 3,000
	Service Intervals:
Oil-change Service	Variable to a maximum of every 19,000* miles/2 years
Inspection Service	Fixed to every 19,000* miles/2 years

*As indicated by the service interval display. Mileages are approximate as the Service Indicator system uses kilometres as its distance measurement.

Additional information

Welcome to Audi

By placing an order for your Audi, you're choosing to get behind the wheel of one of the most sophisticated cars on the road. And because we believe the service we offer should be just as advanced, we wanted to let you know exactly what you can expect from us, now and in the future.

We've agreed a set of standards with all our Centres, which governs the way we do business with you. It outlines the kind of service we promise to deliver for every customer, right down to filling each new Audi we sell with half a tank of fuel.

So whether you're interested in the date your car will arrive in the UK or the way we'll dispose of non-biodegradable materials after we service your Audi, you can have total confidence in us.

Audi Promise

Audi Centres

We guarantee that all of our Centres will be open as follows;

Sales: Monday to Friday 9am–6pm
Saturday 9am–5pm

Service: Monday to Friday 8am–6pm
Saturday 8.30am–1pm

Sunday opening is at local discretion.

New car delivery

Once we've confirmed a delivery date for your car, we'll keep you informed of progress. Subject to reasonable notice, we'll then deliver it to a place of your choice, whether that's your home or place of work. In the unlikely event of a delay, we'll provide a courtesy car to minimise inconvenience and keep you mobile.

The experts in Vorsprung durch Technik

Would you entrust your Audi to anyone who hasn't been regularly trained to Audi standards? Our network of Audi Approved Master Technicians have undergone an impressive 100,000 hours of training over a 10-year programme to ensure they have the latest technical expertise for maintaining and servicing your Audi. All of our Service Advisors undergo a specialist induction and training to ensure they are Audi professionals and able to talk to you about any issues you may have with your Audi vehicle. What's more, we have so much expertise and experience in looking after Audi vehicles that we are able to make a note of your mileage and the state of your vehicle as and when we see it and predict when certain key events may occur. As part of our duty of care, we will notify you in plenty of time so you can make an appointment with us.

Your convenience comes first

At Audi you can choose from a range of convenient services that suit your needs. Why not book a 'service while you wait' appointment* and enjoy our complimentary refreshments while your car is with us? Or, if you need to be mobile, take advantage of one of our courtesy cars which we can even collect and deliver to you.* We guarantee we can service your Audi within 5 days without a courtesy car, or within 10 days if you need transport. We will also ensure your car is returned to you with a full valet.

Audi Genuine Parts

Would you put a part into your Audi that wasn't the same quality as the factory-fitted original? You can rest assured that only Audi Genuine Parts will be used on your vehicle. What's more, Audi parts and labour come with a 2-year guarantee.** We stock a wide variety of parts, so we are well covered. However, if we don't have a part in stock at our Centre we have the back-up of parts at other Audi Centres, at our national warehouse and our factory and can usually source the relevant part very quickly.

We don't like surprises either

We believe strongly in transparency and there will be no hidden costs. For added peace of mind, we will give you a quotation over the phone for the work you have requested and email you the price confirmation. We'll consult you if any additional work on your car is needed when it is with us. We won't carry out any extra work without asking your permission first.

The Audi Stamp

Regular servicing is key to safeguarding your Audi's performance and a full Audi service history could help you preserve the future re-sale value of your car. Only the Audi Stamp will prove your approved Audi service history.

Getting better every time

We continually gather feedback from our Audi Trained Technicians, as well as our customers, to ensure our vehicles are running as they should. Whenever we see an Audi for a service, we connect it directly to our headquarters in Ingolstadt which enables us to check your car's software and make sure it's as up-to-date as possible. If the factory has released a software upgrade for your model, it can be applied immediately – improving anything from your car's efficiency to the precision of its parking system.

Environmental commitment

We promise to dispose of all non-biodegradable materials from your vehicle in a responsible manner.

*Subject to availability.

**Excludes wear and tear.

Pricing information

Pricing

Prices and specifications given are correct at the time of printing. Always check details with your Audi Centre, as Audi policies are continually developing. We reserve the right to change prices or specifications at any time.

All prices are subject to VAT, currently charged at 20% but this may alter to reflect any change in the applicable VAT rate.
